WHAT THIS MAN SAYS

Only Re-echoes the Sentiments of Thousands in our Republic.

The Richmond reader is asked to thoroughly investigate the following: This can readily be done, for the gentleman whose statement is published below will be too pleased to answer any communication mailed to him if the writer really suffers from the annoying consequences which always attend inactive or weakened kidneys.

J. B. Lewis, editor of the Frankfort Roundabout, Frankfort, Ky., says: "For a year or more I suffered a great deal from a dull aching pain across my back. At times the aching was constant for a day or two. If I sat still but a short time it became almost unbearable and if I stood or lifted anything I felt sharp twinges in the small of my back. The secretions from the kidneys were most irregular as well as highly colored and offensive. I had my attention called to Doan's Kidney Pills through our papers and I got a box. After using them for a few days I commenced to see an improvement. I kept on with the treatment and the pains in my back entirely left me and the kidneys became normal. From the great amount of good I derived from the use of this medicine I every reason to be convinced of its merits, and have not the slightest hesitancy in giving it my hearty endorsement."

Plenty more proof like this from Richmond people. Call at B. L. Millon's drug store and ask what his customers have to say.

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

HAS 2,000 SOCIETY WOMEN

Sun. Priest Hanish Enrolls Large Number of Gotham Social Lights—Met Failure Before.

New York.—The amazing fact that 2,000 of New York's fashionable society women are sun worshippers and votaries of the Mazdazans, the mystic Persian cult expounded by Otoman Zar Adusht Hanish, has been revealed through the arrest of Mrs. Brownie Rathbone Weaverson, 150 West One Hundred and Fourth street, a disciple of the mysterious religion.

Mrs. Weaverson is charged with having taught the Persian theory to Mrs. Ellen Rachel, an aged woman living at 1453 Amsterdam avenue, who is now expected to lose her life as the result of the treatment.

Instances have been cited in which women have been driven insane by their fanatical devotion to the strange belief; others have been made cripples and doomed to a life of misery; Dr. Hanish, the priest apostle himself, has been arrested on the charge of having tortured his followers; yet, despite these facts, the society is not only in existence in New York, but the number of his followers among the fashionable set is growing.

In the morning these women took to the rising orb and address it as a god. In the evening they prostrate themselves on rugs and adore the Persian and the ancient Toltecs of Mexico.

The philosophy expounded by Dr. Hanish, he says, dates back to 12,000 years before Christ. In the old Zend language "Mazda" means sun, and it is in this origin that the philosophy obtained its name.

The first a convert by Dr. Hanish here to start the society, a few years ago, met with failure. He then went to Chicago, and, inflated with his success there, came back to New York, and now has 2,000 women followers.

Recently an uncle of John Divens and Dr. John Hale were placed in the Deanefield jail. At midnight the jail was discovered in flames and the two men perished, their bodies being almost entirely consumed. Since that time there has been great feeling against the marshal and talk of mob law.

John Divens and another man went to a saloon and bought several drinks. Claiming they were disorderly the marshal told them they were under arrest. Divens pulled his pistol and fired three shots at the officer. Evans was wounded in the shoulder. Evans returned the fire with fatal result. The marshal was gathered at his house all his friends, who say they will defend him in case of attack by a mob.

John White and "Red" White Captured By Officers.

Lexington, Ky., April 7.—News has reached here that John White and "Red" White, two of the missing witnesses summoned to appear in the case of the Hargises and Sheriff Callahan, for the alleged murder of James Cockrell, Jackson, Breathitt county, has been captured. Women's Kidneys

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are diseased. FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

IN PERIL OF A MOB.

The Marshal and His Friends Barred in His Home.

Owensboro, Ky., April 7.—Marshal Joe Evans, at Deanefield, a mining town, near here, fatally wounded John Divens, 22. The marshal claims he was forced to shoot him while trying to place him under arrest.

Recently an uncle of John Divens and Dr. John Hale were placed in the Deanefield jail. At midnight the jail was discovered in flames and the two men perished, their bodies being almost entirely consumed. Since that time there has been great feeling against the marshal and talk of mob law.

The following are Kentucky's game laws as sprung by an eastern exchange: Common citizens may be shot from January 4th to December 31st.

Senators and members of congress may be shot during any political campaign and within sixty days thereafter.

Niggers can be shot at any time. Hunters in search of this game are also allowed to use a stuffed club or a jack knife.

If any man is caught drinking water it is a sign that he is no gentleman, and may be executed with whatever weapon is nearest at hand.

Colonels may be shot with impunity at any time while a squirrel gun is reloaded; ended for dispatching lieutenants, majors and captains.

No man shall be allowed to kill in excess of four persons per day. In any case where it is an affair of honor, this number may be increased to seventeen.

Any citizen who does not tote the remains of his victim from public sight within twenty-four hours of the time the first volley was fired will be fined one gallon of moonshine.

Any citizen who steps on a soldier's toe may be shot on the spot with the privilege of apologizing whenever he pleases.

If a citizen leaves home half shot and is found on the streets a short time thereafter full of buckshot, that is his fate, and his relatives are not allowed to shoot more than nine suspects in their efforts to find the guilty person.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs now are as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. For sale by R. C. Stockton. 22 mch 1m

She Was the Third Edition.

She was a sweet young thing, and she had found a cozy corner behind the scenes at the opera house during the last dance. As his arm stole around her soft moustache de soie waist she murmured: "Am I the first girl you ever hugged?" He was a newspaper man and therefore could not tell a lie, so replied: "No, sweetheart, you are the third edition I have put to press tonight."—Ex.
